Scangrip EX proof high performance LED work light

UNI-EX multifunctional rechargeable handheld EX LED work lamp with charging base

The COB LED light provides a unique powerful and completely uniform illumination which is ideal for working light. Extreme durable, ergonomical grip.

Place the lamp everywhere you want during inspection with the turnable sturdy hook or strong build-in magnet in the bottom to have both hands free for working.

The flexible head of the lamp tilts up to 180° for extra flexibility.

Is designed to carry in the pocket or in the work belt by the built-in carry clip.

The lamp is recharged in the charging base which is prepared for wall mounting.

The UNI-EX is supplied with both main light and top light. The main light offers two-step operation depending on the type and duration of the work carried out:

Step 1 = 50% and step 2 = 100% light output.

Up to 6 hour's operation time. The intelligent battery indicator at the back keeps you informed about battery level.

To display the battery level during use, press on/off switch 3 seconds.

NOVA-EX multifunctional EX LED work light

Very powerful COB-LED work light providing extremely bright illumination. The new COB chip LED technology provides an uniform and complex illumination with a high CRI (Colour Rendering Index) value close to daylight which is particularly effective as work lighting. Depending on the work task in question you can choose between 2 light modes: 50% and 100% respectively. The body is made of diecasted aluminium and shockproof to endure even strong strokes and shocks. The work light endures the rough wet and dirty conditions of the professional environment and withstands even outdoor work in all kinds of weather conditions, as they are completely waterproof IP65. By the integrated carrying handle it is convenient to carry the work light from one work place to another. The flexible stand can be used as hanger and to position the lamp in the desired angle. The NOVA-EX is fitted with a 10 meter cable and Schuko plug making it the perfect work light where there is access to electricity.

Scangrip EX-VIEW Rechargeable Headlamp

Supplied with the newest COB-LED technology, the EX-VIEW provides an extremely powerful illumination which spreads the uniform light to the maximum and lightens up your entire field of view.

The EX-VIEW is durable and remarkably lightweight compared to other explosion proof headlamps on the market. The design is ergonomic for a perfect and comfortable fit, and the woven band is strong and adjustable.

When set on sensor mode the EX-VIEW is turned on/off only by waving a hand in front of the lamp in a dual movement.

Thus the light can easily be switched on/of even when wearing thick gloves. As an extra feature the headlamp can be detached easily from the band and used as a hand lamp or placed on a magnetic surface for inspection work.

Suitable for Gas Zone 2 and Dust Zone 22.
