

# CHRONOSOFT

## ballistic goggle

The CHRONOSOFT model is well-known to **high temperature specialists (Fire fighters)**. Its TPR frame can withstand **extreme heat** and its double lens with EQUALIZER technology **effectively combats fogging**. Thanks to its large adjustable strap, CHRONOSOFT also offers ample comfort and effective protection from fire or extreme temperatures

### **EQUALIZER**

EQUALIZER technology ensures ultra-effective anti-fogging. It uses a vent system to equalize the atmospheric pressure between the screens, thus eliminating any moisture and condensation.
