

Gassicherheitstechnik

Repair Management Nederland B.V.

More management less firefighting

Safety couplings according DIN-EN 730 with security against the reverse flow of gas  
Prevent burn backs thermal protected

Number	Description
--------	-------------

**Type NKD**

6061360	Gas 3/8" left female thread
---------	-----------------------------

6061361	Oxygen 1/4" right female thread
---------	---------------------------------

**Type NKT**

6061350	Gas 4.0 mm hose connection
---------	----------------------------

6061351	Gas 6.3 mm hose connection
---------	----------------------------

6061352	Gas 8.0 mm hose connection
---------	----------------------------

6061355	Oxygen 4.0 mm hose connection
---------	-------------------------------

6061356	Oxygen 6.3 mm hose connection
---------	-------------------------------

6061357	Oxygen 8.0 mm hose connection
---------	-------------------------------

**Type NKG**

6061368	Gas 3/8" male female thread
---------	-----------------------------

6061369	Oxygen 1/4" right male thread
---------	-------------------------------

**Type N1**

6061365	Gas tail 3/8" left female thread
---------	----------------------------------

6061366	Oxygen tail 1/4" right female thread
---------	--------------------------------------

**Type N4**

6061380	Gas tail 3/8" left male thread
---------	--------------------------------

6061381	Oxygen tail 1/4" right male thread
---------	------------------------------------

**Type N2**

6061370	Gas tail with 4.0 mm hose connection
---------	--------------------------------------

6061371	Gas tail with 6.3 mm hose connection
---------	--------------------------------------

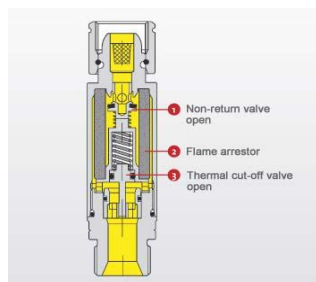

6061372	Gas tail with 8.0 mm hose connection
---------	--------------------------------------

**Type N2**

6061375	Oxygen tail with 4.0 mm hose connection
---------	---

6061376	Oxygen tail with 6.3 mm hose connection
---------	---

6061377	Oxygen tail with 8.0 mm hose connection
---------	---

### Safety device for connection to the cylinder regulator

According DIN-EN 730

With security against the reverse flow of gas, prevent burn backs, thermal protected

#### Type DGN

6061300 Gas 3/8" left female x male thread

6061301 Oxygen 1/4" right female x male thread

### Safety device for connection to the welding cutter

According DIN-EN 730

With security against the reverse flow of gas, prevent burn backs, thermal protected

#### Type GT, all with hose connection

6061315 Gas 3/8" left female x 4.0 mm

6061316 Gas 3/8" left female x 6.3 mm

6061317 Gas 3/8" left female x 8.0 mm

6061320 Oxygen 1/4" right female x 4.0 mm

6061321 Oxygen 1/4" right female x 6.3 mm

6061322 Oxygen 1/4" right female x 8.0 mm

### Cylinder regulator

606100 Regulator for **Acetylene** 0-1,5 bar

Entry bracket

Exit G 3/8" left

6061001 Regulator for **Oxygen** 0-10 bar

Entry G 3/8" I

Exit G 1/4"

6061003 Regulator for **Propane** 0-3,5 bar

Entry W21,8 x 14I

Exit G 3/8" Links

### Protecting rings for manometers diam. 63 mm

6061047 Red

6061048 Blue

6061049 Yellow

6061050 Grey

6061051 Black

### Filling device

6061157 Argon + CO2

6061158 Nitrogen

6061159 Oxygen

6061160 Air
