

CORE DRILL

EGA Master manufactures a wide range subaquatic (underwater) tools. Hydraulic core drilling machine is one of them. It enables making fast and accurate underwater core drills, in many different material surfaces: stone, brick, concrete...

AQUA Master

Maximum drilling depth capacity: 160 mm

***G12**
12 Months of warranty

COD

79920

1. 3 drilling speeds.

2. Equipped with a safety clutch that protects against overloads and blockages.

3. Lateral 360° adjustable handle allows working in different positions.

4. Self-adjustable oil-flow control.

TECHNICAL SPECIFICATIONS

Type	Hydraulic
Working pressure	140 bar
Rpm	380/900/1800
Power	2,8 Kw
Torque	60/38/17 Nm
Oil flow	22 l/min
Connection	1/2" FF
Standard drills	≤160 mm
Length	490 mm
Weight	8,5 Kg

OPERATING INSTRUCTIONS FOR UNDERWATER TOOLS:

BEFORE underwater operation:

- Test the machine for leakage
- Test all functions of the machine (drilling, blowing, all moving parts, valves)
- Spray all moving parts with lubricant OKS 8601 (or similar)

AFTER underwater operation:

- Clean the machine
- Dry the machine with compressed air
- Spray all moving parts with lubricant OKS 8601 (or similar)
