### Safety Suit MULLION Smart Rescue (SAR) 1MHK

Gore-Tex® breathable fabric with ePTFE membrane.  
Double seams for extra secure water tightness and durability. Diagonal dry zipper opens from the right hip up to the left shoulder. The position of the zipper as well as its opening direction minimise the disadvantages of a heavy zipper when sitting and moving around.  
Telescopic waist integrated suspenders keep the trousers up at the same time as the crotch strap keeps the top down. The telescopic design allows good flexibility of fit for different height ranges. Wrist seals super stretch neoprene, easy to don and doff. High fleece lined collar, splash hood stowed in collar pocket with touch and close fastener. Wrist seals super stretch neoprene.  
High fleece lined collar, splash hood stowed in collar pocket with touch and close fastener. Fluorescent yellow hood, that has shaped visor, tightening cords, mesh lining and reflectors. In addition a separate 3mm neoprene hood which protects against cold water. 2 large tight pockets with flaps and touch and close fastening. Sleeve pocket with integrated 3mm 5-finger neoprene gloves. Knee and seat reinforcement made of Cordura® material. A standard Wellington boot for day to day professional and agricultural applications  
Crotch strap + buckle. Solus reflective tapes visible in all conditions.  
Neck seal flocked 2,5mm super stretch neoprene. For easy donning the flocked rubber surface is on the outside.  
Certified according to EN ISO 15027-1 : 2012 Class D and SOLAS 2010
