

RMN and WENCON participate at the Exhibition and Conference "OFFSHORE – ENERGY 15" from 13-14 October 2015, in Amsterdam, NL

Visit us at stand 9.044 Hall B

"Repair Management Nederland B.V., established in 2002 as a key supply company for Shipping, Offshore and Industry. Knowledge of materials, a high service level & quality products of first class manufacturers, are the basis of our philosophy.

As Agent/Distributor for more than 10 manufacturers, we supply many products direct out of our stock in Rotterdam. For **Wencon Denmark** we manage repairs, customer contact, product & application training and product supply for the Benelux based shipping and Offshore companies. As part of this **Wencon network** we are able to offer global support and service for our customers.

Repair Management Nederland has become a reliable partner for high quality solutions within Marine and Offshore service companies worldwide".

Ronald van Pinxteren, Repair Management Nederland B.V.
