

ABAC Compressors

Mobile compressor Silverstone L25P

Mobile compressor for occasional use. Ideal for the workshop for applications such as blowing clean, inflating tires, airbrushing and much more.
Air tank: 10 liter. Capacity 270 l/min. Lubricated type. Pump L25P. PK / KW: 2,5 / 1,5.
Rpm: 2.850 / min. Voltage: 230Vac. Max pressure: 10 Bar. Sound dB(A): 70.
Dimensions 420x330x635mm LxWxH. Weight 24kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage

Mobile compressor Pole Position L25P

Mobile compressor for occasional use. Ideal for the workshop for applications such as blowing clean, inflating tires, airbrushing, professional staple work and much more.
Air tank: 24 liter. Capacity 270 l/min. Lubricated type. Pump L25P. PK / KW: 2,5 / 1,8.
Rpm: 2.850 / min. Voltage: 230Vac. Max pressure: 10 Bar. Sound dB(A): 70.
Dimensions 630x320x620mm LxWxH. Weight 28kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601001	Mobile compressor ABAC Pole Position L25P	24	270	230

Mobile compressor A29 50L Belt driven

Mobile compressor for reliable professional but not continuous use. Ideal for the workshop for applications such as blowing clean, inflating tires, airbrushing, spray painting, professional staple work and much more.
Air tank: 50 liter. Capacity 255 l/min. Lubricated type. Pump A29. PK / KW: 2,0 / 1,5.
Rpm: 1.075 / min. Voltage: 230Vac. Max pressure: 10 Bar. Sound dB(A): 93.
Dimensions 830x370x780mm LxWxH. Weight 49kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601007	Mobile compressor ABAC A29 50L	50	255	230

Mobile compressor A29B 90L Belt driven

Mobile compressor for reliable professional but not continuous use. Ideal for the workshop for applications such as blowing clean, inflating tires, airbrushing, spray painting, professional staple work and much more.
Air tank: 90 liter. Capacity 255 l/min. Lubricated type. Pump A29B. PK / KW: 3,0 / 2,2.
Rpm: 1.075 / min. Voltage: 230Vac / 400V. Max pressure: 10 Bar. Sound dB(A): 93.
Dimensions 1010x415x980mm LxWxH. Weight 59kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601008	Mobile compressor ABAC A29B 90L	90	255	230
601009	Mobile compressor ABAC A29B 90L	90	255	400

Mobile compressor A29B 150L Belt driven

Mobile compressor for reliable professional but not continuous use. Ideal for the workshop for applications such as blowing clean, inflating tires, spray painting, professional staple work, nailing and much more.
Air tank: 150 liter. Capacity 320 l/min. Lubricated type. Pump A29B. PK / KW: 3,0 / 2,2.
Rpm: 1.300 / min. Voltage: 230Vac / 400V. Max pressure: 10 Bar. Sound dB(A): 95.
Dimensions 1375x420x950mm LxWxH. Weight 87kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601010	Mobile compressor ABAC A29B 150L	150	320	230
601013	Mobile compressor ABAC A29B 150L	150	320	400

Mobile compressor PRO A39B 200L Belt driven

Mobile compressor for reliable professional frequent use. Ideal for the workshop for applications such as spray painting, professional staple work, nailing, drilling, pneumatic hammering and much more.
Air tank: 200 liter. Capacity 393 l/min. Lubricated type. Pump A39B. PK / KW: 3,0 / 2,2.
Rpm: 1.050 / min. Voltage: 400Vac. Max pressure: 10 Bar. Sound dB(A): 93.
Dimensions 1500x470x1110mm LxWxH. Weight 91kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601020	Mobile compressor ABAC PRO A39B 200L	200	393	400

Mobile compressor PRO B5900B 270L Belt driven

Mobile compressor for reliable professional frequent use. Ideal for the workshop for applications such as spray painting, professional staple work, nailing, drilling, pneumatic hammering and much more.
Air tank: 270 liter. Capacity 653 l/min. Lubricated type. Pump B5900B. PK / KW: 5,5 / 4,0.
Rpm: 1.100 / min. Voltage: 400Vac. Max pressure: 11 Bar. Sound dB(A): NA.
Dimensions 1575x680x1150mm LxWxH. Weight 170kg.

Article No.	Description	Tank Ltr	Flow L/min	Voltage
601021	Mobile compressor ABAC B5900B 270L	270	653	400
