

CRC SP 400 Long-term outdoor, corrosion inhibitor

Outdoor protection up to 2 years. Waxy corrosion protector. Provides an effective corrosion protection in outdoor conditions, for a long period. The waxy protective film does not become brittle and protects against heavy corrosive circumstances as moisture and salt water.

Article No.	Description	Contains	Packed	IMPA
702200	CRC SP 400 aerosol	250 ml	12 pcs	45 09 11
702201	CRC SP 400 aerosol	500 ml	12 pcs	45 09 11

CRC Fast Dry Degreaser

Effective heavy duty cleaner and degreaser for precision work. Characteristics: Removes stubborn contaminants like oils, attached or re-heated greases, adhesives, tar & others, Fast drying to minimize downtime, Optimal spray pattern for improved coverage, 95% active product, Excellent plastic compatibility, Easy to handle 360° spray technology, Does not contain chlorinated solvents or silicone, Does not leave residues.

Article No.	Description	Contains	Packed	IMPA
702210	CRC Fast Dry Degreaser aerosol	250 ml	12 pcs	-

CRC 2-26

Repels any humidity left after water damage, protects against friction and corrosion. CRC 2-26 is a multipurpose lubricant, preventing electric and electronic malfunction due to water penetration, humidity, condensation or corrosion. Displaces water, cleans, removes current leaks, lubricates and protects.

Article No.	Description	Contains	Packed	IMPA
702230	CRC 2-26 aerosol	250 ml	12 pcs	-
702230A	CRC 2-26 aerosol	500 ml	12 pcs	45 05 91
702230B	CRC 2-26 can	5 ltr	1 pcs	-
702230C	CRC 2-26 can	20 ltr	1 pcs	-
702230D	CRC 2-26 drum	200 ltr	1 pcs	-

CRC NF Precision Cleaner

Non-flammable precision cleaner for electric or electronic parts and equipment. Ideal for cleaning electronic components where it is expensive or impossible to switch off the power. Meets the today's environmental and safety requirements. Ozone friendly. Increases performance and reliability of the electronic equipment. Safe to use on metals, elastomers, coatings and several plastics.

Article No.	Description	Contains	Packed	IMPA
702231	CRC NF Precision Cleaner aerosol	250 ml	12 pcs	45 09 02

CRC 3-36

Short-term corrosion inhibitor. Indoor protection up to 6 months. Multipurpose corrosion inhibitor with water repellent and lubricating properties. Forms a thin, almost invisible and long-lasting protective film against water and oxygen. Exceptional penetrating properties, allowing the product to work even into the smallest pores and cracks. CRC 3-36 protects metal parts from corrosion when stored indoors, during a shorter period. Food Processing Safe, NSF approved, H.A.C.C.P. approved.

Article No.	Description	Contains	Packed	IMPA
702235	CRC 3-36 aerosol	250 ml	12 pcs	-
702235A	CRC 3-36 aerosol	500 ml	12 pcs	45 05 81

CRC Contact Cleaner

Effective precision cleaner. Residue-free contact cleaner for use on PCB's and electronic equipment. Fast drying. Not for use on energized equipment. Developed for use as a cleaner for electrical or electronic equipment in food processing or non-processing areas. NSF K2.

Article No.	Description	Contains	Packed	IMPA
702240	CRC Contact Cleaner aerosol	250 ml	12 pcs	45 09 01
702241	CRC Contact Cleaner aerosol	500 ml	12 pcs	45 05 01

CRC Quick Dry Contact Cleaner

Quick drying solvent cleaner for light contaminants on electric or electronic parts. Also compatible with sensitive plastics. Quick drying solvent blend for the cleaning of electronic equipment. It provides a suitable precision cleaning action for sensitive electronic and electrical components without risk of costly damage. CRC QD-Contact Cleaner is a stable, inert, high purity solvent cleaner, formulated for applications where lower flash point solvents may be used and where sensitive plastics are involved.

Article No.	Description	Contains	Packed	IMPA
702640	CRC QD Contact Cleaner aerosol	500 ml	12 pcs	-

CRC Lectra Clean II

Heavy Duty Cleaner. Solvent cleaner with high flashpoint for heavy contaminants on mechanical parts. Heavy-duty cleaner with a high flashpoint of over 60°C for improved application safety. The extended drying time allows the product to act during a longer period and to dissolve heavy contaminations. Suitable for use in dip baths and ultrasonic dip tanks.

Article No.	Description	Contains	Packed	IMPA
702245	CRC Lectra Clean II aerosol	500 ml	12 pcs	45 05 92

CRC Urethane Isolation

Protective, urethane based varnish for electronic components. Clear transparent or red colored one-component, urethane type coating. Urethane coating seals out water and moisture and acts as a barrier for contaminants. The coating dries fast and adheres well to most surfaces. After curing, the protective film has a high flexibility, is durable and resists abrasion and contamination.

Article No.	Description	Contains	Packed	IMPA
702260	CRC Urethane Isolation aerosol	250 ml	12 pcs	45 09 16

CRC Urethane Isolation Red

Red colored protective, urethane based varnish for electronic components. Red colored one-component, urethane type coating. Urethane coating seals out water and moisture and acts as a barrier for contaminants. The coating dries fast and adheres well to most surfaces. After curing, the protective film has a high flexibility, is durable and resists abrasion and contamination.

Article No.	Description	Contains	Packed	IMPA
702261	CRC Urethane Isolation Red aerosol	250 ml	12 pcs	45 09 16

CRC Eco Foam Cleaner Food Grade

Non-flammable, slow drying water based cleaner, suitable for removing heavy contaminants in vertical applications in food processing areas. A concentrated, water based degreaser for use in the food industry; NSF A1 registered. The stable, nondripping foam formula ensures a long contact with the contamination, especially on vertical surfaces. Rinse with water after application. eadily biodegradable according to OECD 301B: 64%.

Article No.	Description	Contains	Packed	IMPA
702265	CRC Eco Foam Cleaner aerosol	500 ml	12 pcs	45 09 16

CRC Dry Lub Moly Spray

High pressure resistant, dry MoS2 film for metal-to-metal lubrication where a wet film cannot be tolerated. High temperature resistance. Reduces stick and slip problems. Displaces and seals out water and moisture. General corrosion protection. Prevents seizing and fretting. Produces a very low coefficient of friction.

Article No.	Description	Contains	Packed	IMPA
702269	CRC Dry lub Moly MoS2 aerosol	500 ml	12 pcs	-

CRC Dry Lub

PTFE lubricant for dry lubrication and use on plastic friction points. CRC Dry Lube is a fast drying dispersion of white, waxy PTFE particles, leaving a dry lubricating film on the surface. The product exhibits outstanding anti-stick and release properties. As a lubricant, it is most effective at reduced speeds and low loads.

Article No.	Description	Contains	Packed	IMPA
702270	CRC Dry Lub aerosol	500 ml	12 pcs	-

CRC Airco Cleaner

Cleans the air conditioning system in an optimal way by means of its unique foam formula. Characteristics:

- Highly effective cleaning foam for A/C systems
- No A/C system disassembly
- Leaves a refreshing fragrance

Benefits:

- Cleans the evaporator, air conducts from all contaminations
- Spray with sprayhose
- Fast and easy to use

Article No.	Description	Contains	Packed	IMPA
702280	CRC Airco Cleaner aerosol	500 ml	12 pcs	-

CRC Flat Screen Cleaner

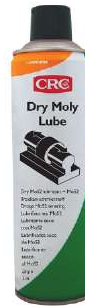

Safe cleaning of all flat screen types, LCD or TFT displays and scanner glass. Stable foam formulation that does not run or drip off. Will quickly remove numerous different types of soiling and contamination of touch screens and displays. Suitable for use on a wide variety of hard surfaces throughout industries. NSF K2.

Article No.	Description	Contains	Packed	IMPA
702290	CRC Flat Screen Cleaner aerosol	500 ml	12 pcs	-

CRC Peel Off Red Varnish

Red protective peelable varnish. Is easy to remove. Forms a longlasting flexible coating. The homogeneous and non-porous film protects against moisture, corrosion and weather influences. Ideal for temporary protection during transport or for the time being out of order.

Article No.	Description	Contains	Packed	IMPA
702321	CRC Peel Off Red aerosol	500 ml	12 pcs	-
702322	CRC Peel Off Red Can	5 ltr	1 pcs	-

CRC Zinc

Cathodic protection, even for damaged galvanised parts.
Zinc based coating with excellent adhesion to metal surfaces. The high zinc content is sacrificed during the corrosion process and so provides a galvanic protection of the treated metal. The dry coating contains a maximum amount of zinc (purity 98%), ensuring a self-healing effect when the coating gets scratched. The dry coating is matt and has an excellent surface structure to be painted.

Article No.	Description	Contains	Packed	IMPA
702355	CRC Zinc aerosol	500 ml	12 pcs	45 09 15

CRC Galva Brite

Protective, final coating with a shiny aluminum aspect.
A single component Zinc-Aluminum coating. Protects against corrosion and forms a glossy aluminum look on the coated surface. Good adhesion to metal surfaces. Results in a unique combination of flexibility and hardness. For perfect results please use CRC Zinc Primer first.

Article No.	Description	Contains	Packed	IMPA
702360	CRC Galva Brite aerosol	500 ml	12 pcs	45 09 18

CRC Copper Paste

Paste with copper particles for heavy loads at start-up situations.
Also acts as anti-seize. Contains micronized copper powder, anti-oxidant and anti-wear additives. Prevents metal-to-metal contact, seizing, galling and fretting corrosion, especially on sliding bearings.

Article No.	Description	Contains	Packed	IMPA
702361	CRC Copper Paste aerosol	250 ml	12 pcs	-

CRC Silicone IND Spray

Synthetic lubricating oil, suitable for plastic drives and applications at high temperatures.
Superior synthetic lubricant with a premium grade high quality silicone. CRC Silicone IND exhibits superior lubrication and temperature/viscosity characteristics. Reduces friction and noise on non-metal parts.

Article No.	Description	Contains	Packed	IMPA
702271	CRC Silicone IND aerosol	500 ml	12 pcs	45 09 26

CRC Chain Lub Food Grade

Food Processing Safe, heavy lubricating oil for driving and transport chains.
High performance, foaming lubricant, containing PTFE. CRC Chain Lube is compatible with o-rings, highly resistant to splash water and prevents corrosion to occur. The properties and the NSF H1 registration make the product an excellent lubricant for chains in the food industry.

Article No.	Description	Contains	Packed	IMPA
702275	CRC Chain Lub Food Grade aerosol	500 ml	12 pcs	-

CRC Penetrating Oil Rust Off

A penetrating oil that quickly frees and lubricates seized mechanisms. Quickly penetrates through corrosion and soil. Frees seized and rusted bolts, nuts and other metal components. Leaves a lubricating MoS2 film.

Article No.	Description	Contains	Packed	IMPA
702451	CRC Rust Off aerosol	500 ml	12 pcs	-
702452	CRC Rust Off can	5 ltr	1 pcs	-

CRC Super Adhesive Grease

Lithium EP grease with high adhesion properties.
Characteristics:

- Water resistant
- Reduces friction and wear
- Protects from rust and corrosion

 Benefits:

- Keeps dirt, cold and hot water out of the equipment
- Extends parts and equipment life
- Compatible with all metals and commonly used types of sealing materials

Article No.	Description	Contains	Packed	IMPA
702400	CRC Super Adhesive Grease Cart.	400 ml	6 pcs	-

CRC 5-56 + PTFE

Multifunctional service fluid for use in the professional mechanical maintenance.
Contains PTFE for an extended lubrication function under industrial conditions. Performs extremely well when frequent start, stop or alternating movements occur. Displaces moisture and prevents electrical failure. Provides good protection against corrosion. Ultimate penetration capacity for de-blocking threaded connections or clamped metal surfaces. Cleans and protects surfaces contaminated by machining or handling.

Article No.	Description	Contains	Packed	IMPA
702461	CRC 5-56 + PTFE aerosol	500 ml	12 pcs	45 05 82

CRC Products

CRC 6-66 Marine Service Spray

Multipurpose marine lubricant and corrosion inhibitor. Paraffinic oil and a multiple organic inhibitor system that prevents rust and corrosion by displacing and sealing out moisture and by forming a continuous protection barrier against water and oxygen. The oily, almost invisible film of CRC 6-66 lubricates and penetrates into the finest pores and cracks of the surface.

Article No.	Description	Contains	Packed	IMPA
702465	CRC 6-66 Marine spray aerosol	250 ml	12 pcs	45 05 84

CRC Citrus Cleaner

Versatile and powerful degreaser. Ideal for a quick degreasing when strong alkaline products are undesirable. Ideal alternative for traditional solvents. Easily soluble in water. Safe to use on all metals without damage. Safe to use on most rubbers and plastics. Suitable to remove oils and greases, tar and bitumen, water-soluble paints, inks and dyes.

Article No.	Description	Contains	Packed	IMPA
702562	CRC Citrus Cleaner can	5 ltr	1 pcs	-

CRC Eco Leak Finder

Allows detecting leaks in gas conduits and installations. Water based detector for gasses. Meets the requirements of EN 14291 and DVGW (Deutsche Vereinigung des Gas- und Wasserfaches) registration number NG-5170AS0069. CRC ECO Leak Finder detects gas leaks in pressurized pipe work and pressurized systems. At the location of a gas leak, it forms highly visible bubbles. Biodegradable according to OECD 301B: 31%.

Article No.	Description	Contains	Packed	IMPA
702660	CRC Eco Leak Finder aerosol	500 ml	12 pcs	-

CRC Crack Test Products CRC CRICK

For a 3-step detection of cracks in for example welding seams.

Step 1: Cleaning and degreasing with Crick 110

Step 2: Application of the colour penetrant Crick 120

Step 3: Developing with the developer Crick 130

Easy application with aerosols.

Certificates EN ISO 3452-2:2000; RCC-M Tome III Chap. MC4200 ASME Code Section V.

Article No.	Description	Contains	Packed	IMPA
702250	CRC Crick 110 aerosol	500 ml	12 pcs	45 09 31
702251	CRC Crick 120 aerosol	500 ml	12 pcs	45 09 32
702252	CRC Crick 130 aerosol	500 ml	12 pcs	45 09 33

CRC Brakleen

Powerful and fast-drying brake parts cleaner.

Characteristics:

- Multiple active components
- Effectively removes brake fluid, grease and oil
- Reduces squeaking from disc brakes
- Safe on all metal surfaces, does not stain

Benefits:

- Cleans up to 40 brake discs
- Fast evaporation and high cleaning power to minimize downtime
- Pleasant citrus smell
- Easy to handle 360° spray technology

Article No.	Description	Contains	Packed	IMPA
88CRC40030P	CRC Brakleen aerosol	500 ml	12 pcs	45 05 83
88CRC40040	CRC Brakleen can	5 ltr	1 pcs	-
88CRC40050	CRC Brakleen drum	20 ltr	1 pcs	-

CRC Belt Grip

Food Processing Safe adhesive belt lubricant.

Water resistant. Aids transmission efficiency and gives extra pulling power. Stops slipping and squeaking. Designed for use in food processing areas where incidental food contact may occur. Prevents slip on all kinds of belts, except toothed belts. CRC Belt Grip increases the transmission of power between belts and pulley. Gives an improved traction and allows running in at reduced belt tension.

Article No.	Description	Contains	Packed	IMPA
702650	CRC Belt Grip aerosol	500 ml	12 pcs	-

CRC Minus 45

Inert, non-flammable coolant. Strong non-flammable inert dry coolant, down to -45°C, for electrical and electronic maintenance. CRC Minus 45 can be used for maintenance, fault detecting and repairs in the electric and electronic field.

Article No.	Description	Contains	Packed	IMPA
702655	CRC Minus 45 aerosol	500 ml	12 pcs	-
