

Indoor LED Wall Light 600 mm

Indoor wall light 600 mm

This LED under-cabinet or wall light with a length of 600 mm offers an efficient and space-saving lighting solution.

Thanks to its slim design it can be mounted ideally in workspaces or under cabinets.

It ensures even light distribution and is fitted with an ON/OFF switch.

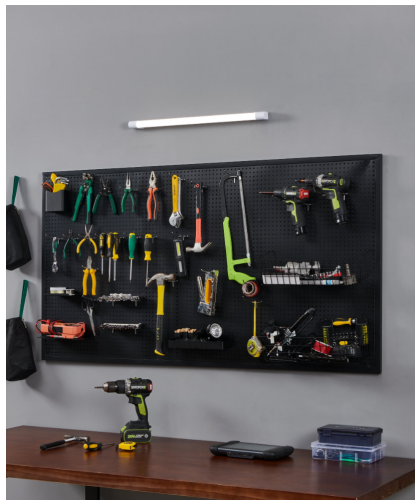

On board of vessels there are often open fluorescent lights which can easily break due to an unintended impact. If that happens glass of the fluorescent tube can easily injure someone.

With this simple LED solution you can easily convert a dangerous situation to a safe situation.

Technical properties:

Material housing:	Plastic
Fitting:	LED
Light source type:	LED
Power:	10 W
Light source:	Included
Nominal voltage:	220-240Vac - 50/60Hz
Switch:	ON/OFF
Protection Class:	Class II
IP Rating:	IP20
Energy efficiency class:	E
