

Jerrycans

Jerrycans for liquid fuels made of HDPE

Material High Density Polyethylene HDPE and discharge spout of Low Density Polyethylene LDPE. Color Red RAL 3001
UN Approval un 3H1/Y/150/.../CZ/PRES-IMET 1174

Always mark your fuel cans with GHS label for identification use.

Article No.	Color Can / Color Cap	Capacity	IMPA
970513	Red / Grey	5 ltr	61 77 61
970514	Red / Grey	10 ltr	61 77 62
970515	Red / Grey	20 ltr	61 77 63

Jerrycans for liquid fuels made of Steel

Material pressed sheet steel in the color Army-Green. Separate 350 mm flexible discharge spout available.

UN Approval. The original G-Can as developed for German Army in the early 1900.

Always mark your fuel cans with GHS label for identification use.

Article No.	Color Can / Color Cap	Capacity	IMPA
970553	Green / Green	5 ltr	-
970554	Green / Green	10 ltr	61 77 66
970555	Green / Green	20 ltr	61 77 67
970557	Flexible spout	-	-

Jerrycans for potable water and foodstuff made of HDPE

Material High Density Polyethylene HDPE with drain cock. Protection cap of Polypropylene color steel-grey RAL 7011 .

Tap is detachable so easy to clean. BPA-Free. Impact resistant. Recessed grip.

Foodstuff-compatible acc. to (EU) No. 10/2011 and FDA 21 CFR 177.1520

Article No.	Color Can / Color Cap	Capacity	IMPA
970519C	Transparant / Grey	5 ltr	-
970520C	Transparant / Grey	10 ltr	-
970521C	Transparant / Grey	20 ltr	-

Jerrycans for potable water and foodstuff made of HDPE

Material High Density Polyethylene HDPE with straight spout.

Article No.	Color Can / Color Cap	Capacity	IMPA
970518R	White / White	5 ltr	-
970519R	White / White	10 ltr	-
970520R	White / White	20 ltr	-

Jerrycan cap with drain cock

Material High Density Polyethylene HDPE to fit on standard jerrycans

Article No.	Color Cap	For Can	IMPA
970519K	White / Red	5/10 ltr	-
970520K	White / Red	20 ltr	-

Jerrycan hand pumps

Material Polyethylene. For pumping out jerrycans and filling bottles.
For medium water, petrol, gasoil and chemicals.

Article No.	Discharge / Inlet	Capacity	IMPA
940498	1/2" hose / 1/2" pipe	6,7 l/min	-
940499	3/4" hose / 3/4" pipe	11,5 l/min	-

Jerrycan battery pumps with AUTOSTOP

Material Polyethylene. For pumping out jerrycans and filling bottles.

For medium water and petroleum ONLY. Power supply 2x 1,5V battery LR06 (AA).
960497 with holder to prevent spillage.

Article No.	Discharge / Inlet	Capacity	IMPA
940496	1/2" hose / 1/2" pipe	6,7 l/min	-
940497	1/2" hose / 1/2" pipe	6,7 l/min	-

Drums

Cover Drum 200 ltr made of steel

Material sheet steel. With UN approval. Available in different sizes and colors.
The steel drums are new. Also possible on request reconditioned drums.

Article No.	Color Drum / Color LID	Capacity	IMPA
951202	Green / Green	200 ltr	-
951203	Blue / Blue	200 ltr	-

Cover Drum made of Blue HDPE with steel cover clamp

Material Heavy Density Polyethylene HDPE. With UN approval. Available in different sizes. Black lid with galvanized steel clamp. **The drums are new.**

Article No.	Color Drum / Color LID	Capacity	IMPA
951210	Blue / Black	220 ltr	-
951212	Blue / Black	60 ltr	-

Screw Cover Drum made of Blue HDPE

Material Heavy Density Polyethylene HDPE. With UN approval. Available in different sizes. Black screwed lid. **The drums are new.**

Article No.	Color Drum / Color LID	Capacity	IMPA
951211	Blue / Black	220 ltr	-
951213	Blue / Black	60 ltr	-

Screw Cover Drum made of White HDPE

Material Heavy Density Polyethylene HDPE. Available in different sizes. Black screwed lid. **The drums are new.**

Article No.	Color Drum / Color LID	Capacity	IMPA
951230	White / Black	70 ltr	-
951231	White / Black	30 ltr	-

Fluid Drum made of Blue HDPE

Material Heavy Density Polyethylene HDPE. With UN approval. Available in different sizes. With 2x 2" screw caps in the top of the drum. **The drums are new.**

Article No.	Color Drum / Color LID	Capacity	IMPA
951220	Blue / Blue	200 ltr	-

Rotary Drum pump for diesel

For viscosity up to SAE 90, self lubricating non aggressive media, fuel oil, diesel and petroleum. NBR seals. Discharge capacity 18 l/min. (0,3 l/rotation. For 60, 200, 220 ltr. container. Cast iron GG25 pump casing. Galvanized steel suction tube with filter. Length 3-part suction pipe 355-955mm. Connection G 2" BSP male to barrel.

Article No.	Description	Capacity	IMPA
25P13055	Rotary pump for diesel	18 l/min	-
25P13056	Rotary pump for diesel with 2m discharge hose with steel spout	18 l/min	-

Lever Action Drum pump for oils

Delivery rate 0,12 l/stroke, at 60 strokes approx. 7 l/min. For containers 60 / 200 /220 ltr. Complete with 1000mm PVC discharge hose and plastic discharge spout. Suction tube length 1200mm. Pump housing of impact resistant zinc die casting. NBR seals. For oils up to SAE 50, self-lubricating non aggressive media, undiluted anti-freeze, fuel oil, diesel and petroleum.

Article No.	Description	Capacity	IMPA
960560	Lever action pump for oils	7 l/min	-
960560A	Lever action pump for oils	8 l/min	-

Lever Action Drum pump for AdBlue®

Delivery rate 0,4 l/stroke, at 60 strokes approx. 24 l/min. Pumping media AdBlue®, urea. For containers 60 / 200 /220 ltr. Telescopic Suction pipe 3-part, length 335-955 mm. Barrel screw connection G 2" male. Materials of parts in contact with liquid: Pump body ABS / PA 6 and seals FKM + HNBR. Completely dismountable - easy to clean. Optional several barrel adapters available.

Article No.	Description	Capacity	IMPA
960560C	Drum pump for AdBlue®	24 l/min	-
960560D	Discharge hose for AdBlue® G1" DN19 2 mtr	-	-
25P23163878	Nozzle valve AdBlue® G1" with fitting NW19 mm	60 l/min	-
