

Kira ATEX Flashlight NON-Rechargeable LED Zone 1, 2, 21, 22

Kira Leuchten GmbH type HL-10-EX FLASHLIGHT
EXPLOSION-PROOF NON-RECHARGEABLE FLASHLIGHT FOR ZONE 1, 2, 21, 22

EX-Protected high-power flashlight:

Discover the extraordinary performance of the explosion-proof high-power LED flashlight HL 10 EX, an innovative LED flashlight that meets the highest demands in terms of brightness, compactness and robustness. The housing made of shockproof and waterproof plastic (IP68) makes this flashlight reliable for use in a wide variety of environments.

Compact and light:

With a length of just 17 cm and a weight of just 167 g, the HL 10 EX sets new standards among comparable flashlights. This compact size makes it the perfect companion in any situation - be it outdoor activities, professional challenges or emergency situations.

Long lighting time:

The outstanding luminosity of the super-strong Power LED gives the HL 10 EX its characteristic bright white light. This innovative lighting technology ensures optimal visibility in different environments and makes the flashlight an indispensable tool for anyone who relies on reliable lighting. With an impressive lighting time of around 11 hours, the high-power LED flashlight offers long-lasting lighting thanks to the 4 AA batteries included in delivery. This ensures that you can always rely on the performance of the HL 10 EX, whether during extended outdoor use or in situations where continuous lighting is essential.

IP67 certified:

The HL 10 EX is not only a lighting instrument, but also a reliable companion in challenging environments. Its IP68-certified housing allows it to be used in damp and wet conditions without compromising functionality. The flashlight is also characterized by its simple operation and user-friendliness.

Explore a new dimension in lighting technology with the HL 10 EX. Whether you are looking for a robust flashlight for outdoor use, professional use or as emergency equipment - this high-power LED light offers the ideal combination of performance, compactness and reliability. Rely on the HL 10 EX to light your way when you need it most.

Technical specifications:

Battery: 4x AA batteries included
IP Protection Class: IP68
Impact Resistant housing: Plastic composite
Weight: Approx. 167gr.
Headlight range: Approx. 150m
Light level: 110 lumen
Flash function: No
Duration: Approx. 11h
Type LED's: Power LED
Headlight: Not adjustable
Tamb: T4
Others: Submersible till 5 mtr

ATEX Identification:

II 2 G Ex ib IIC T4 Ga(Gas)
II 2 D Ex ibD 21 T135°C(Dust)
Tool group: II
Category: 2G / 2D
Approvals: ATEX Zone 1, 2, 21, 22
ATEX Number: TÜV-A 10ATEX0003X

Dimensions:

a x b (in mm) 172 x 41

Application areas:

- Rescue
- Sewer cleaning
- Shipping
- Offshore
- Many areas with harsh environment conditions
