93GLO0980000	Sprayer Gloria PRO100 1.3 ltr / 1.0 ltr filling	-

### Sprayer Gloria 410 T for oils

Heavy duty pressure sprayer for oily and aggressive spraying fluids.  
Not for acid and alkaline cleaning agents.  
With 10 ltr coated steel container. FKM gaskets.  
Spray angle 80°, flat spray nozzle. Max. pressure 6.0 bar.  
Brass pump. Brass spray 1.35m lance and nozzle. Pressure gauge.  
Safe valve for automatic depressurization at 6.0 bar, it can be used also manually for releasing the pressure, necessary prior to opening the container.

Article No.	Description	IMPA
93GLO4120000	Sprayer Gloria 410 T with 10 ltr steel tank.	-

### Sprayer Gloria PRO 5 for water soluble construction chemicals

Sprayer for oils and water soluble construction chemicals.  
Not for acid and alkaline cleaning agents.  
With 7 ltr HDPE container. FKM gaskets.  
Brass spray lance with plasticflat spray nozzle. Max. pressure 3.0 bar.  
Plastic pump, transparant vertical measuring line in the tank.  
Safe valve for automatic depressurization at 6.0 bar, it can be used also manually for releasing the pressure, necessary prior to opening the container.

Article No.	Description	IMPA
93GLO0810725	Sprayer Gloria PRO 5 with 7 ltr tank.	-

### Sprayer Gloria CleanMaster CM 50 for acid and alkaline cleaning agents

Special sprayer for acid and alkaline cleaning agents.  
With 7 ltr HDPE container. BUNA EP (EPDM) gaskets.  
Plastic spray lance and nozzle. Max. pressure 3.0 bar.  
Plastic pump. reinforced PVC hose.  
Safe valve for automatic depressurization at 3.0 bar, it can be used also manually for releasing the pressure, necessary prior to opening the container.
