

## Ropes and accessories

### Polypropylene rope 3-strand mono-filament Color ORANGE

General purpose rope suitable for many different applications.

Supplied on reels of 220 mtr., or on coils of 200 mtr.

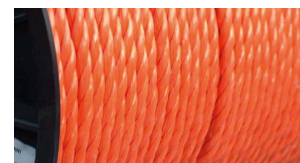

Material: polypropylene 3-strand twisted, orange colour, also available in other colours.

Light rope (gravity 1:091 to water) is stronger than a comparabl manila rope, is non water absorbent, non slipping and provides good flexibility and high durability.
