SWISS SOLUTIONS LED Street Light PSL7100

Swiss Solutions LED Street Light PSL7100 2-CCT High Efficiency Version

The Swiss Solutions PSL7100 Street Light is a high efficiency LED luminaire. Engineered for easy maintenance, featuring a tool-free design that simplifies servicing. Choice in several versions and optics. The luminaires are protected by durable tempered glass covers that resist yellowing and aging in outdoor environments.
The High-effiency version delivers a version in 150lm/W or 190lm/W.
Equipped with a 2-CCT (3.000K-4.000K) selection option and 4 power settings (30%, 50%, 75%, 100%) option.
For smart system integration the PSL7100 supports either dual Zhaga interfaces or a 3-pin NEMA base and Dali2.
An adjustable spigot allows both side-entry and post-top mounting, providing flexible installation options.
Available with 3 different optics type II, III, IV to offer your required light beam.
The PSL7100 street light is protected IP66 and IK09.
Voltage: 120-277Vac and 50/60Hz. Power factor >0.97. CRI(Ra) 70.
Available with corrosion protection C3 or C4. We offer standard the higher C4 protection.
Multiple mounting accessories on request available.
The light fixture comes with a 5 years manufacturers warranty.
