TEAM Equipment Inc. MARQRBAG

TEAM Equipment MARQRBAG Plugs, wedges first respons bag

Plug & Wedge

TEAM Equipment Inc. USA manufacturer of first respons Damage Control products for leak sealing on board of vessels of all sizes.
The oldest answer to a leak is still the fastest. Tapered softwood plugs and wedges, heat treated so they drive clean and swell tight, for hull penetrations, pipe ruptures, sea chests and fuel lines.
The Leak Sealing Plug & Wedges Kit Grab and Go Bag MARQRBAG offers a complete set of plugs, wedges, hammers, rubber sheet, wheel spanner, sounding tape and rope. All packed in a sturdy orange colored pvc bag and shipped in a plastic storage and transport box.
All the Soft Wood plugs & wedges are heat treated to 56°C core for a minimum of 30 minutes (See certificate).
The kit MARQRBAG is one of the kits produced in the USA by TEAM Equipment Inc. On request other kits are available.
