

Repair and maintenance

NEW WENCON Repair Kits

Keeps your fleet on schedule

Wencon introduced this year a large extension on the well known Repair Kits. Many shipowners around the world rely on the Wencon Standard Repair Kits on board for their daily maintenance and repair jobs. Now there is a complete new range as extra with the focus on specific jobs on board.

Due to more requests from the customers to customize more a repair kit there are now specific Repair Kits for Steel Pipe/Plate repair, for Steel Pipe repair, for Mud Box repair, for GRE Pipe repair, for Heating Coils repair and a specific Pipe Wrap kit for all kind of pipes on board.

Even a fully 100% customized kit filled with the by the customer required products is possible.

You can find all the separate Repair Kit sheets in PDF format on the RMN website.

Wencon always assist you to make your daily job easier.

RMN 25 YEARS WENCON DISTRIBUTOR IN 2027
