## EXTENDED

*To reduce unnecessary yard fee*

*For exterior repair solutions*

*For harsh environments*

**WENCON®**

## WENCON® DOCKING KIT EXTENDED

### BE PREPARED FOR THE DOCKING SITUATION - AND SAVE YOUR BUDGET

#### WENCON Docking Kit Extended

The WENCON Docking Kit Extended is a unique Repair Kit for use when the vessel is docking. The Kit is ideal suited for harsh environments, where high wear and high abrasion resistance is needed.

#### Where to use Docking Kit Extended

WENCON Docking Kit Extended is suitable - but not limited - for repair jobs in areas with harsh environments, including:

- Thruster Gear housing
- Thruster Tunnel
- Propeller Nozzle
- Seawater filters
- Scrubbers outlet
- Pumps

#### Eliminate replacement of spareparts

The Docking Kit Extended includes all compounds and coatings required to complete a WENCON repair job, eliminating the need for replacement of spareparts.

#### Return of products not used

Products that have not been used and still in original packaging, can be returned according to WENCON return policy.
